*In this video production, **Michel Chossudovsky** and **Drago Bosnic** focus on the improvised political actions taken by **Donald Trump.***

Sanctions, tariffs and punitive actions by an incompetent President, not to mention his ignorance concerning the dangers of nuclear war.

$1.3 trillion allocated by Washington to the development of “peace-making nukes”.

Geopolitics coupled with a complex process of Economic Warfare and Deindustrialization.

*War against humanity: **What is unfolding is a war against Planet Earth’s 8 billion people.***
